ACKNOWLEDGEMENT

I would like to express the appreciation and gratitude to my advisor as well as the chairman of the thesis examining committee, Lect. Dr. Kesinee Gatphayak and Assoc. Prof. Dr. Therdchai Vearasilp, for her and his invaluable guidance and always encourages and supports me, especially in the difficult period of the graduate study.

I am also express my gratefully thanks to Prof. Dr. Dr. Bertram Brenig and Prof. Dr. Christoph Knorr, Institute of Veterinary Medicine (IVM), Georg-August-University Göttingen, Germany for the opportunity to conduct this research at IVM and gives me momentums to get further progress, helps my personal and technical problems and pays great attention to my work and my life during stay in Germany.

I am highly thankful to the thesis examining committee, Assist. Prof. Dr. Buncha Pongpisantham for his advice and constructive suggestions.

I would like to thank Miss Viola Raupach for her excellent technical assistance, Mr. Christian Beuermann, Miss Jule Beck, Miss Monique Germerodt, Mr. Rifat Morina, Miss Maria Hansen, Mr. N.S. Ding and all laboratory persons of the IVM for their friendships and supports. My special thanks are given to Mr. Amphon warittitum, Miss Sangtiwa Suriyong, Mr. Wachara Laenoi and all Thai people in Göttingen for their help, support and friendship during stay in Germany.

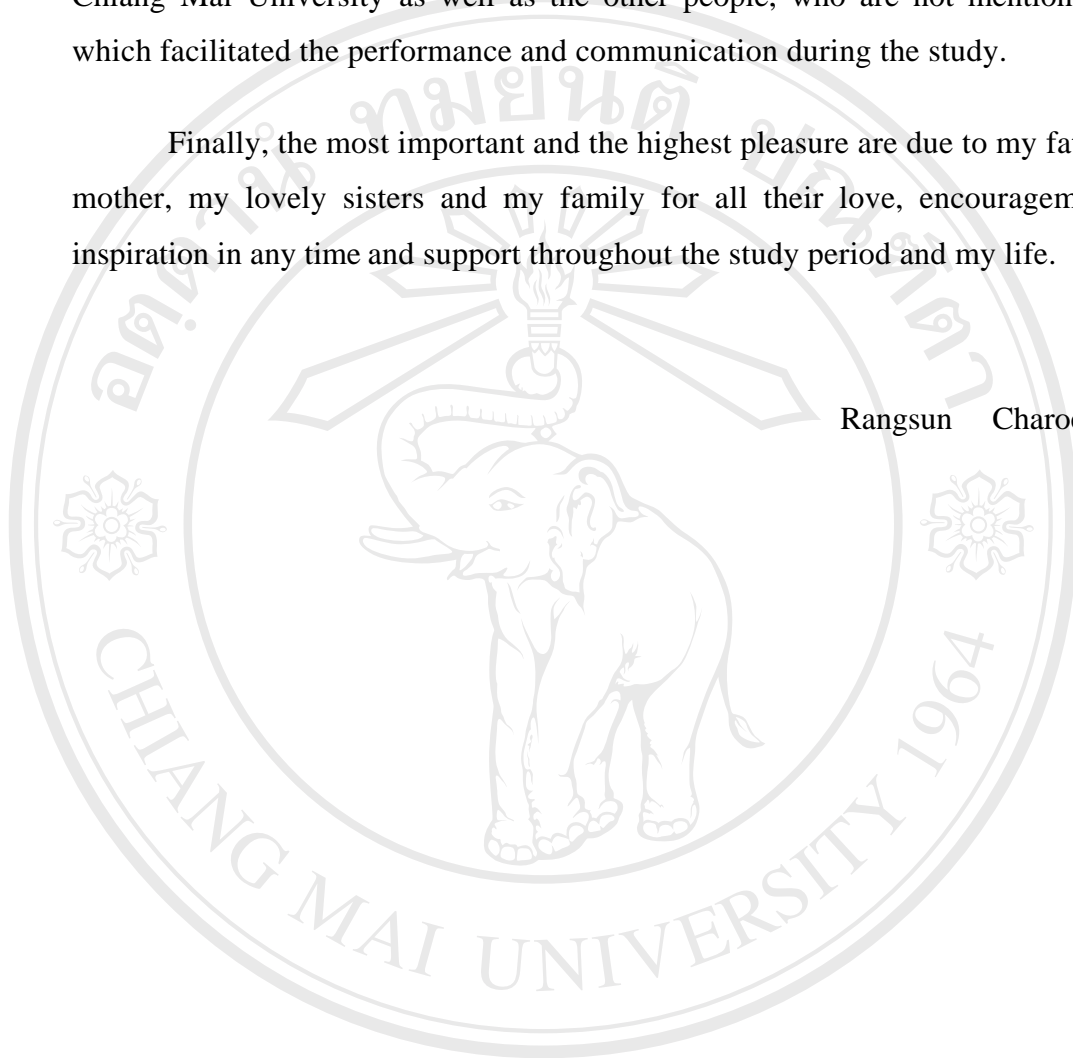

I would like to thank all staff and all friends in the Department of Animal science for their helps, supports and friendships during the study.

I am highly thankful to the Post-harvest Institute for laboratory supported. I am thankful to Miss Anchali Wongsas, Mr. Tianchai Ounbahn, Mr. Chirapipat Phraephaisarn and Miss Pantaporn Supakankul for their friendships and supports during my laboratory learning at Agricultural Biotechnology Research Center.

I am thankful to all friends of both in the Institute of Veterinary Medicine (IVM), Georg-August-University Göttingen, Germany and the Agriculture Faculty, Chiang Mai University as well as the other people, who are not mentioned here, which facilitated the performance and communication during the study.

Finally, the most important and the highest pleasure are due to my father, my mother, my lovely sisters and my family for all their love, encouragement and inspiration in any time and support throughout the study period and my life.

Rangsun Charoensook
