ACKNOWLEDGEMENT	iii
ABSTRACT (THAI)	iv
ABSTRACT (ENGLISH)	vi
LIST OF TABLES	xi
LIST OF FIGURES	xiii
CHAPTER 1 INTRODUCTION	1
1.1 Background and setting	1
1.2 Objectives of the study	3
1.3 Research questions	3
1.4 Null hypothesis	3
1.5 Alternative hypothesis	4
1.6 The supposed advantages of the study	4
1.7 Definition of terms	4
1.8 Theoretical framework	5
CHAPTER 2 LITERATURE REVIEW	8
2.1 Farmer housewife decision making	8
2.2 Agricultural activities regarding the King's Sufficiency Economy Philosophy	23
2.3 Family well-being regarding the King's Sufficiency Economy Philosophy	31
2.4 Related studies	35
CHAPTER 3 METHODOLOGY	47
3.1 Objectives of the study	47
3.2 Research design	47
3.3 Population	48
3.4 Instrumentation for data collecting	51

3.5	Measurement of variables	56
3.6	Content validity and reliability of research instrument	59
3.7	Data collection	60
3.8	Data analysis	61
CHAPTER 4	RESULTS	63
4.1	Part 1 General socio-economics background of farm housewives and families	64
4.2	Part 2 Roles of farmer housewives decision making on doing sufficiency economy farming	77
4.3	Part 3 Household agricultural activities in accordance with the sufficiency economy farming	86
4.4	Part 4 Well-being of farmer families according to sufficiency economy farming	91
4.5	Part 5 Problems and obstacles of farmer housewives in doing agricultural activities according to sufficiency economy farming	95
4.6	Part 6 Results of analysis of factors related to roles of farmer housewives decision making on doing sufficiency economy farming	98
4.7	Part 7 Results of analysis of factors related to household agricultural activities in accordance with the sufficiency economy farming	105
4.8	Part 8 Analysis of factors related to well-being of farmer families according to sufficiency economy farming	112
CHAPTER 5	CONCLUSION	122
5.1	Objectives of the study	122
5.2	Research question	122
5.3	Research methodology	123
5.4	Conclusion	125

5.5	Research discussion	136
5.6	Research suggestions	142
5.7	Suggestions for further research	144
REFERANCES		145
APPENDICES		153
Appendix A Research Questionnaire		154
Appendix B Reliability Analysis		171
Appendix C Table of the population sampling		178
CURRICULUM VITAE		188

LIST OF TABLES

table		page
1	Farm household work roles	20
2	Women's participation in agriculture	22
3	District in Chiang Mai province divided by the geographic conditions	48
4	Congruence of factors, research objectives, variables and questions in questionnaire	54
5	General socio-economics background of farmer housewives and families	65
6	Level of household economic roles of farmer housewives	71
7	Level of treat in farmer housewives' families in connection with power relation (Patriarchy)	73
8	Level of sufficient economics acknowledgment from various sources	77
9	Roles of farmer housewives in decision making on doing sufficiency economy farming	80
10	Household agricultural activities in accordance with the sufficiency economy farming	88
11	Level of household agricultural activities in accordance with the sufficiency economy farming	90
12	Well-being of farmer families according to sufficiency economy farming	93
13	Level of Well-being of farmer families according to sufficiency economy farming	95
14	Problems and obstacles of farmer housewives in doing agricultural activities according to sufficiency economy farming	96

15	Mean and standard deviation of analyzed variables related to roles of farmer housewives in decision making on doing sufficiency economy farming	99
16	Correlation coefficient between dependent and independent variables in analyzing roles of farmer housewives in decision making on doing sufficiency economy farming	102
17	Multiple regression analysis of factors related to roles of farmer housewives in decision making on doing sufficiency economy farming	103
18	Mean and standard deviation of analyzed variables related to household agricultural activities in accordance with the sufficiency economy farming	107
19	Correlation coefficient between dependent and independent variables in analyzing household agricultural activities in accordance with the sufficiency economy farming	109
20	Multiple regression analysis of factors related to household agricultural activities in accordance with the sufficiency economy farming	111
21	Mean and standard deviation of analyzed variables related to well-being of farmer families according to sufficiency economy farming	114
22	Correlation coefficient between dependent and independent variables in analyzing well-being of farmer families according to sufficiency economy farming	117
23	Multiple regression analysis of factors related to well-being of farmer families according to sufficiency economy farming	119

LIST OF FIGURES

figure		page
1	Agrifamily household sub-model	10
2	Farmer housewife economic decision making process in household	12
3	The sufficiency economy philosophy framework	25
4	Multi-stage random sampling	50
