ACKNOWLEDGEMENT

This thesis cannot be succeeded without the great helps from all of the thesis's advisors which include; Asso. Prof. Dr. Mansuang Arksornnukit, Asso. Prof. Dr. Dheerawan Boonyawan, and Asst. Prof. Dr. Kassara Pattamapun. Sincere thanks to all of them for their advices, their encouragements and their helps. The author would like to sincerely thank Asso. Prof. Dr. Hidekazu Takahashi and Asso. Prof. Dr. Griangsak Chairrote for being the examining committee and their advices to improve the quality of this thesis, Dr. Pisaisit Chajareenont who was my best student for his technical assistance and advice in testing the specimens, Miss. Somruthai Tunma and Mr. Chanchai Umongno for their technical assistances in using plasma-generating machine, Dr. Narumanus Korwanish for his statistical advice and Prof. Emeritus Dr. M. Kevin O Carroll for his English editorial assistance in the preparation of the manuscript for submitting the paper to Dental Materials Journal.

Special thanks to my father, Mr. Panya Yavirach for his technical assistances and advices in designing all accessory equipments in this thesis experiment and every one in my family who always cheer me up. I would like to thank Unity Dental Co., Ltd. (Thailand) and Acteon Thailand Ltd. for their material supports.

I would like to express my gratitude to the Faculty of Dentistry, Chiang Mai University for supporting the fund of this study.

Last but not least, thank to Mrs. Darunee Yavirach, my beloved wife for her endless supports throughout our marriage. Without her supports and inspirations, I could not have come this far.

Piriya Yavirach
