ACKNOWLEDGEMENTS

I would like to express my gratitude to all those who gave me the possibility to complete this thesis. I want to thank the Department of Orthodontics and Pediatric dentistry, Chiang Mai University for giving me permission to commence this thesis in the first instance, to do the necessary research work and to use departmental data. I have furthermore to thank, Associate Professor Thongchai Fongsamootr and Associate Professor Dhirawat Jotikastira who gave and confirmed this permission and encouraged me to go ahead with my thesis.

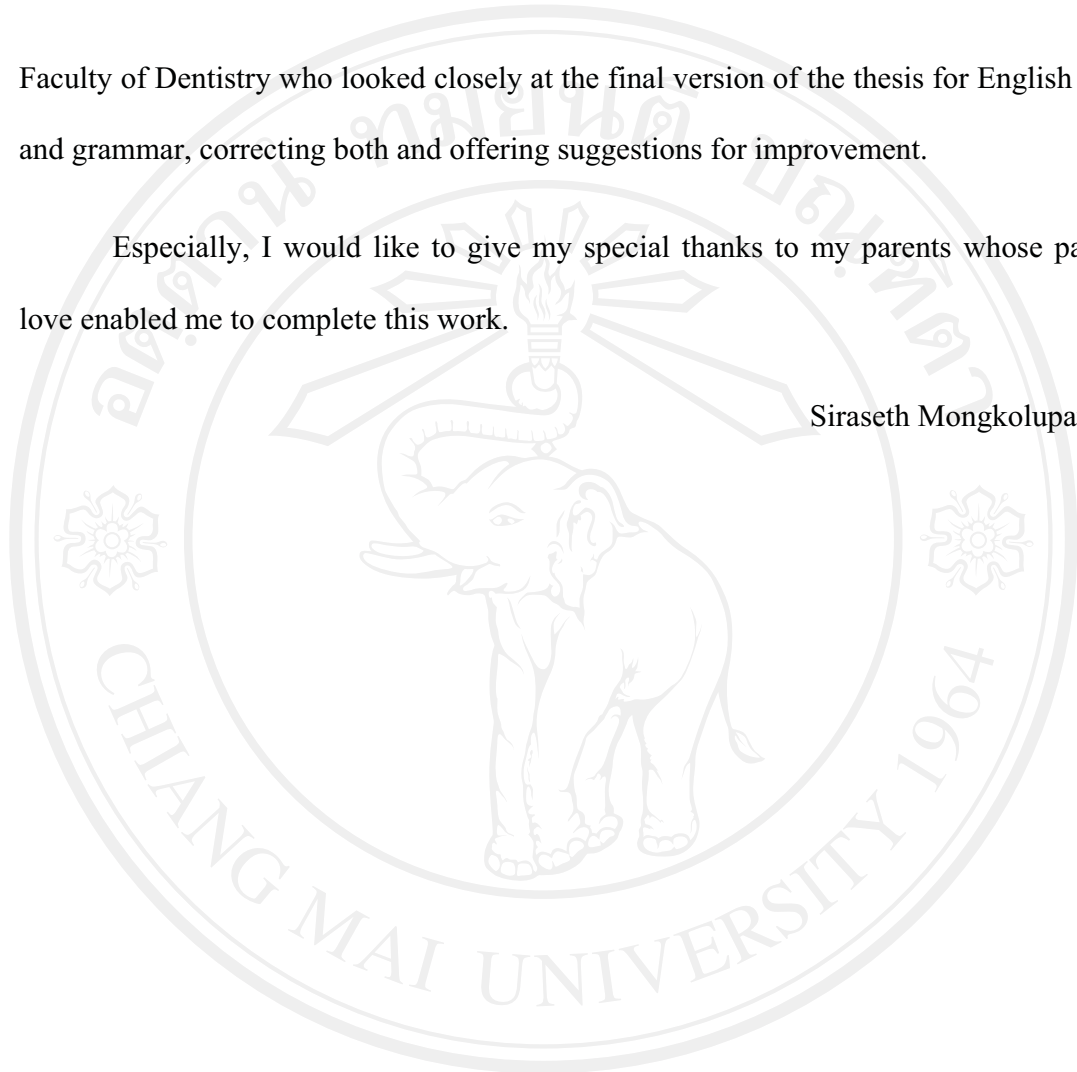

I am deeply indebted to my supervisor Assistant Professor Marasri Chaiworawitkul from the Department of Orthodontics and Pedodontic Dentistry, Chiang Mai University whose help, stimulating suggestions and encouragement helped me in all the time of research for and writing of this thesis(also financial supporting).

My colleagues from the Department of Orthodontics and Pedodontic Dentistry supported me in my research work. I want to thank them for all their help, support, interest and valuable hints. Especially I am obliged to Dr. Narumanus Korwanich. I also want to thank Dr. M. Kevin O Carroll, Professor Emeritus of the University of Mississippi, School of Dentistry, and Faculty Consultant at Chiang Mai University,

Faculty of Dentistry who looked closely at the final version of the thesis for English style and grammar, correcting both and offering suggestions for improvement.

Especially, I would like to give my special thanks to my parents whose patient love enabled me to complete this work.
