I am also very grateful to the other members of the examining committee. I especially want to thank Asst. Prof. Vasant Siripool for his support and comments on my study.

I want to express my sincere thanks to Mr. Liu Jianxu, a doctorate degree student at Chiang Mai University for his valuable advice and constant encouragement. I would also like to thank my classmates for their friendship and help.

Last but not least, I would like to express my deep appreciation for my beloved parents, who unceasingly supported me and looked forward to seeing my accomplishments in the Master's Program.
